## hauck nursery launches on the US market

For the first time in our history, we are launching our best-in-class nursery product line on the North American market.

Initially, this product line will be available via import only. However, our goal is to launch domestically very soon. Visit our new homepage at [www.hauckusa.com](http://www.hauckusa.com) for details and updates.

**We are excited to develop this fantastic nursery brand in the USA.**
