- Easy to transport thanks to one-handed folding
- Compact folding
- Height-adjustable handle
- Usable from birth up to 4 years
- Compatible with hauck Comfort Fix infant car seat and base

RAPID 3R

ALL-TERRAIN

This off-roader promises a lot of driving fun thanks to its large all-terrain wheels. The high-quality wheels with rubber profile absorb unevenness and have the advantage of not going flat. In addition, the front wheel is swiveling and lockable, making Rapid 3R very agile.

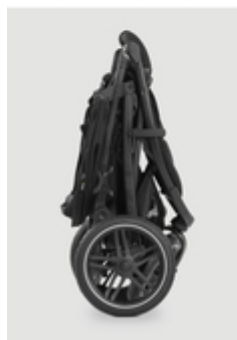

LONG-TERM COMPANION

Rapid 3R not only has a large seating and lying surface that can be used for children up to approx. 4 years but is can also be loaded up to max 25 kg. In addition, both the backrest and footrest can be adsjtuted into lying position, while the extra-large sun canopy can be extended.

EASY TO FOLD

Rapid 3R folds away very compactly with one hand. The release loop doubles up as carry handle by which you can also transport the stroller. As a result, you will aslo have one free hand for your child.

COMPATIBLE WITH CAR SEAT

The separately available Comfort Fix car seat can be installed directly on the stroller frame. The infant car seat is approved to ECE 44/04 and can be used from birth up to 13 kg. The tried-and-test side-impact protection and 3-point harness help keep your little one safe. In car, it can be installed with the Comfort Fix Isofix Base that is available as set with the car seat.

Driving fun on three wheels

This agile three-wheeler features high-quality fabrics and is a true eye-catcher. Thanks to the large all-terrain wheels this pushchair offers a bump-free ride on all paths. This is simply perfect if you love to walk both around the country and the city. In addition, the front wheel is swivelling or lockable.

The Rapid 3R is usable up to approx. 4 years and loadable up to 25 kg. For transport, the pushchair folds away compactly within seconds and the release loop doubles up as carry handle.

During your trips, the extra-large canopy with UPF 50+ and practical peek-a-boo window protects your child against sun, wind or rain.

When your child is sleepy, both the backrest and footrest can be inclined up to a lying position. Baby equipment, food and other things can be stored in the large shopping basket.

Thanks to the height-adjustable handle, the Rapid 3R can be pushed in a back-friendly posture. The 5-point harness, bumper bar with anti-slip protection and the brake help keep your child safe at all times.

Our hint: If you want to use our Rapid 3R right from birth, we recommend the separately 2-in-1 carrycot – a snuggly nest that can be later on converted into a practical footmuff. Alternatively, you can combine the pushchair with our Comfort Fix infant car seat in a travel system.
