Product Images

Shopper Neo II is the perfect companion for shopping and travel. It can be unlocked and folded down quickly and compactly with just one hand, leaving the other one free for your child. It skilfully manages buses, trains, and stairs. Its folded dimensions are so compact that the Shopper Neo II can easily be stored in any boot.

The buggy's big wheels guarantee pure driving fun, while it winds its way easily through busy pedestrian areas thanks to its swivelling and lockable front wheels. Keep bottles, refreshments and bits and pieces on the two accessories trays. Store your shopping or baby accessories in the large basket.

When your little one is tired, adjust the backrest into a lying position, step by step, with just one hand. The footrest is also multi-adjustable. Keep a constant eye on your child through the ventilated viewing window in the canopy. Your little one will always be safe on the move thanks to the padded 5-point harness and the front bumper. The parking brake reliably prevents the buggy from moving while you take a break.

You can use Shopper Neo II for a long period of time as it carries up to 25 kg (seat unit 22 kg + basket 3 kg). This means we are voluntarily satisfying requirements over and above legal standards.
