Product Images

Citi Neo II - this light and agile three-wheeler with lying position is easy to fold down with one hand only, making it simply perfect for families who are looking for a great shopping or travel companion.

Thanks to the compact folding with one hand only, one hand will be always free for your little treasure. Citi Neo II can also be comfortably carried when climbing stairs, when in the bus or when simply storing it in your vehicle's boot.

The swiveling and lockable front wheel makes Citi Neo II particularly agile and any narrow pedestrian zone child's play. In addition, the large wheels and the suspension make this buggy suitable for your strolls in the country or the forest, too.

Once your little one is tired, the backrest can be adjusted up to the lying position by using one hand only. The footrest is also multi-adjustable. The net fabric in the canopy not only provides optimum ventilation, but also allows you to constantly keep an eye on your child. Small things like keys can be placed in the canopy's pocket, while the large basket beneath the seat offers space for purchases and larger objects. And to always have your child's bottle and other important things at hand, you can make use of the practical bottle tray on the push handle.

Thanks to the softly padded 5-point harness and front bar, your little one will be always travelling safely. In addition, the footbrake that acts reliably on both sides secures this buggy when taking a break.

This comfortable buggy with lying position can be used longer than comparable buggies. Citi Neo II is suitable from birth (if used with the separately available 2in1 Carrycot) up to about 4 years or rather 25 kg. This means we are voluntarily satisfying requirements over and above legal standards.
