2-in-1 carrycot and footmuff

Turn your pushchair into a baby pram

Want to use your pushchair for your newborn? That's easy! By combining the pushchair seat in the lying position with the hauck 2-in-1 carrycot (75 x 35 x 20 cm) you create a soft nest for your baby. And later you can convert the soft carrycot into a cosy pushchair footmuff, using it even longer.

Comfort for you and your baby

The soft padding makes your baby feel safe and sound from birth up to 9 kg. Thanks to the clever design, the carrycot is also light and handy, making it easy to transport and store. Ideal for travelling!

Simply practical

The integrated carry handles make it super easy to carry your baby around. Also, you can safely connect the carrycot to your pushchair for maximum safety when out and about. And when you don't need the carrycot, it can be stowed away space-savingly.
