**PROTECTS THE WOODEN HIGH
CHAIR TRAY**

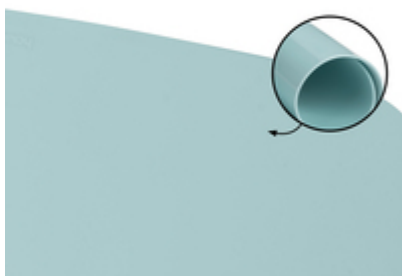

Simply practical: the overlay reliably protects the wooden surface of your Wooden Tray from stains caused by food residues. This keeps it looking good for a long time and makes it easier to clean.

100% FOOD-SAFE SILICONE

Your baby is constantly in contact with the place mats. It is therefore made of soft, flexible and LFGB-tested silicone. This is safe for your child and contains no harmful chemicals.

ANTI-SLIP
MATERIAL

Practical place mats for the wooden tray of hauck wooden highchairs

Use the place mats as required! The silicone pad fits perfectly on the wooden tray of both the Beta+ and Alpha+ highchair, protecting it against stains caused by food residues. This keeps it looking good for a long time and makes it easier to clean.

100% food-safe silicone

Place your trust in the highest safety standards: our place mats are made of food-safe silicone that is LFGB tested. The rounded corners provide additional safety.

Good grip thanks to non-slip material

Never slip again! Thanks to the silicone, the place mats always stay smooth and securely in place. Crockery and cups are always stable.

Quick to clean in the dishwasher

Simply wipe it clean or put it straight in the dishwasher - the durable place mats are quickly ready for use again. It keeps its shape and is resistant to heat from 20 °C to 220 °C.

Always tidy

Thanks to the soft silicone, the place mats are easy to roll up and store in the highchair organiser box – always to hand.

Our tip: The Alpha Click Tray and Arketa Click Tray have a matching silicone Highchair Tray Mat.
