STOP N SAFE 2 INCL. 9CM EXTENSION

FOR WIDTHS 84-89 CM

Safety for doors and stairs

The Stop N Safe 2 metal safety gate includes a 9 cm extension, securing doorways or stairways 84 to 89 cm wide. The 5 cm adjustment range comes from the adjustable screws.

Easy, drill-free installation

The gate is secured by using pressure-mounted screws—no drilling needed and can be opened with one hand in both directions, keeping the other free for your child or laundry basket. The manual locking mechanism with dual safety prevents unwanted openings by your little one.

Customisable

With an additional extension (sold separately), the gate fits widths up to 110 cm. Use the hauck Y-spindle to attach the gate to round or oval stair banisters.

Width overview:

- 75-80 cm (no extension)
- 84-89 cm (includes the 9 cm extension in the set)
- 93-98 cm (included 9 cm extension + optional second 9 cm extension)
- 105-110 cm (included 9 cm extension + optional 21 cm extension)

Important: The safety gate may appear skewed when unpacked - this corrects itself as the pressure screws are tightened, ensuring a secure fit.
