

SAFE TO OPEN AND MANUAL LOCKING

/

**INDIVIDUAL USE AND EXPANDABLE WITH
ACCESSORIES**

/

**MOUNTED SAFELY, SECURELY AND QUICKLY
WITHOUT DRILLING**

SAFE & RELIABLE
ONE-HANDED OPENING & CLOSING
FROM BOTH SIDES

EASY OPENING AND CLOSING

The safety gate can be easily opened with one hand on both sides and safely locks in place when closed.

PRESSURE FIT GATE FOR DOORS AND STAIRS 84–89 CM WIDE

The set, consisting of a gate and 9-cm metal extension, is suitable for stairs or doors with a width of 84–89 cm. Thanks to the adjusting screws, you can clamp it in place quickly and stably.

INDIVIDUALLY EXTENDABLE

WITH A 2ND EXTENSION

EXPANDABLE WITH SEPARATE EXTENSIONS

In addition to the 9-cm extension included in the set, you can expand the safety gate using a second, separately available 9-cm or 21-cm extension and use it for larger openings.

SEPARATE Y-SPINDLES FOR STAIRS WITH ROUND STRINGERS

The safety gate can also be mounted on banisters with round stringers without drilling using the hauck Y-spindles.

SEPARATE Y ADAPTER AVAILABLE AS ACCESSORY

EASY INSTALLATION WITH ADJUSTING SCREWS

CLAMPING GATE WITH PRESSURE FASTENING

Whether at home, at the grandparents, or on holiday – thanks to the pressure fastening with adjusting screws, the child gate can be easily removed and mounted in just a few simple steps.

SELF-ADJUSTING GATE

The initial skewed position/gap in the area of the locking mechanism is eliminated by tightening the four fixing screws. This makes secure, stable fastening possible.

Manually locking door & stair safety gate set with 9 cm extension

As soon as your child is mobile, safety gates on stairs and in doorways are essential to help keep your baby safe.

Whether at home, at the grandparents, or on holiday, the clamping gate is safely attached with adjusting screws by means of pressure fit and can be removed without leaving any residues. The safety gate can be opened with one hand to both sides and is easy to close.

The Open N Stop 2 set, including a 9 cm extension, is not only suitable for widths of 84–89 cm but can also be extended to up to 110 cm using the separately available 9-cm or 21-cm extensions. The safety gate can also be mounted on banisters with round stringers using separate hauck Y-spindles.

The following dimensions are possible with separate extensions:

- 75–80 cm = gate without extension
- 84–89 cm = gate + 9 cm extension
- 93–98 cm = gate + 9 cm + 9 cm extensions
- 96–101 cm = gate + 21 cm extension
- 105–110 cm = gate + 9 cm + 21 cm extensions
- 117–122 cm = gate + 21 cm + 21 cm extensions

Note: This safety gate is self-adjusting. This means that the initial skewed position/gap in the area of the locking mechanism is eliminated by tightening the four fixing screws.
