SAFETY GATE EXTENSION 21 CM

21 CM EXTENSION FOR HAUCK DOOR AND STAIR GATES

21 CM EXTENSION FOR HAUCK SAFETY GATES

EXTENSION COMPATIBLE WITH SAFETY GATES BY HAUCK

You want to extend your hauck safety gate?
Then use the 21 cm extension, also by hauck,
which is compatible with all standard hauck door
and stair gates, e.g. Clear Step Autoclose 2.

ALSO AVAILABLE AS 9 CM EXTENSION

Do you need a shorter extension? Then simply
use the 9 cm extension for door and stair gates
from hauck.

ALSO AVAILABLE AS 9 CM EXTENSION

TWO EXTENSIONS PER GATE POSSIBLE

TWO EXTENSIONS PER GATE POSSIBLE

An extension of 1 x 21 cm is not enough for your
width? You can combine your hauck children's
gate with a total of two extensions, one on each
side.

21 CM EXTENSION AND 9 CM EXTENSION COMBINABLE

A 21 cm extension is too short, but a 2 x 21 cm extension is too long? Then simply combine the 21 cm extension with a 9 cm extension.

21 CM AND 9 CM EXTENSION COMBINABLE

Y ADAPTER SEPARATELY AVAILABLE AS ACCESSORY

SEPARATE Y-SPINDEL FOR STAIRCASES WITH ROUND BARS

With the separately available hauck Y-spindles, you can also attach the extension together with the safety gate to stair rails with round or oval rails quickly and easily without drilling.

FAST AND SIMPLE CONNECTION WITH HAUCK GATES

The extension is easily connected to the gate by means of two connection pieces, while the adjusting screws are placed on the outer side of the extension or gate.

FAST AND SIMPLE CONNECTION WITH HAUCK GATES

21 cm Extension for hauck Safety Gates

Would you like to extend your hauck safety gate? With this 21 cm extension, you can easily adapt your safety gate to wider doorways or staircases. The extension is compatible with all hauck door and stair safety gates. If you need a shorter extension, there is also a 9 cm version available separately.

Flexible combinations for different widths

With hauck extensions, you can flexibly adjust your safety gate with a base width of 75-80 cm. Each side of the gate can be fitted with a maximum of one extension – either 9 cm or 21 cm. Here are some examples of possible combinations:

- **Width 84-89 cm:** 1x 9 cm extension
- **Width 96-101 cm:** 1x 21 cm extension
- **Width 105-110 cm:** 1x 9 cm + 1x 21 cm extension
- **Width 117-122 cm:** 2x 21 cm extensions

Additionally, with the separately available hauck Y-spindles, you can attach the extension and safety gate to stair railings with round or oval posts – all without drilling!

Simple and secure installation without drilling

Installation is very easy: Connect the extension to your safety gate using the included connectors. Then, attach the adjustment screws to the outer sides of the extension. Finally, secure the gate and extension by pressing them firmly into the door frame or staircase – quick, stable, and secure.
