ALPHA+ HIGHCHAIR SEAT
FOR NEWBORNS

HANDY HIGHCHAIR MODULE FOR
NEW-BORNS

You prefer having your baby always in sight? As a baby seat for the Alpha+ or Beta+ wooden highchair, you can use the Alpha Bouncer Premium until your baby can sit unaided at about 9 kg.

AT EYE LEVEL WITH THE FAMILY
RIGHT FROM BIRTH

When using the Alpha Bouncer Premium on the highchair, you have your baby at eye level, allowing you to bottle-feed your baby and be at table with the family. The 3-point harness offers extra safety.

BOUNCER FRAME FOR RELAXING
INCLUDED

You can use the Alpha Bouncer Premium not only as highchair module but also as bouncer using the included frame.

SAFE SEAT REDUCER FOR NEWBORN BABIES

Thanks to the removable seat reducer, the Alpha Bouncer Premium offers a safe seating position and comfort right from birth. Later, the insert can be removed, offering more room for your baby.

FLEXIBLE USE WITH OR WITHOUT SEAT INSERT

ADJUSTABLE BACKREST WITH LYING POSITION

When feeding your little one, you can adjust the backrest with one hand up to a pleasant seating position and for relaxing recline the backrest in a lower position.

SOFT & SNUGGLY FABRICS FOR BABY'S WELL-BEING

The high-quality, soft, and breathable cotton cover is extra gentle to your baby's skin and can be washed, making it suitable for all seasons.

ONE CLICK FROM HIGHCHAIR SEAT TO BOUNCER

You can remove the seat from the highchair with one click and install it on the included bouncer frame just as easy, allowing your baby to be with you everywhere in the house.

BOUNCING AND RELAXING WITH LOCKABLE FRAME

The bouncer moves up and down through your baby's movements, being entertaining and relaxing at the same time. When needed, the robust and stable frame can be locked.

Alpha Bouncer Premium - High-end 2in1 bouncer for hauck wooden highchairs

High quality, handy and flexible – you can use the Alpha Bouncer Premium either as a new-born seat on the hauck wooden highchairs Alpha+ and Beta+ or as bouncer on the included frame. By clicking the baby seat on the tilt-proof highchair, you transform it in a safe baby highchair. The 3-point harness helps keep your baby safe and offers freedom of movement, while having your baby at eye level right next to you. This strengthens your parent-child bond and allows to bottle-feed your baby at the centre of the family right from birth in a comfortable position. The baby seat is suitable for babies until they can sit unaided at about 9 kg.

Well-being through soft and snuggly fabrics

The soft cover, the side padding, and the removable seat reducer offer your baby a safe, comfortable, and ergonomic position. When feeding your little one, you can adjust the backrest with one hand up to a pleasant seating position and for relaxing recline the backrest in a lower position. The soft and breathable cotton cover is extra gentle to your baby's skin and can be washed, making it suitable for all seasons.

Easy change from highchair seat to bouncer

In order to use the baby seat as bouncer, you remove it with a simple move from the highchair and click it onto the included bouncer frame. The bouncer moves up and down through your baby's movements, being entertaining and relaxing at the same time. When needed, the robust and stable frame can be locked.
