### AT EYE LEVEL

The cuddly, height-adjustable newborn highchair guarantees a back-friendly and comfortable feeding. Your little one will always be close by and participate in all family events. The backrest can be adjusted until reaching the most comfortable position.

### HEIGHT-ADJUSTABLE

Sit'n Relax can be used anywhere - also when playing with siblings. Simply adjust the newborn attachment to a lower height for the cuddle time to begin!

### GROW-ALONG CHAIR

Once your child can sit independently, you can change to the seat unit. Adjustable backrest and footrest, as well as a depth-adjustable tray can be adapted to your growing child's. The large tray has an elevated edge and a practical cup molding which ensure that nothing will fall off.

### EASY TO MOVE

Sit'n Relax can be moved from one room to the other or even onto the terrace thanks to its wheels. And the best: the practical tray will accompany you anywhere whereas your little one may enjoy all meals no matter where.

### **2in1 folding highchair - from birth to toddler age**

With the Sit N Relax 2in1 you have everything you need for the first few years, from baby chair to toddler highchair. And when you don't need the highchair, you can just fold it up. In the large basket you can keep toys, wet wipes and bibs within reach.

### **Safety and comfort for your newborn baby**

In the cosy newborn seat with 3-point hip belt and adjustable backrest, your little one will be comfy and safely strapped in up to 9 kg. Whether at the dining table, the living room table or in the bathroom - the height-adjustable highchair frame allows you to keep your baby close to you at all times - always at the right height.

### **Eating and playing fun for your toddler**

As soon as your child can sit independently, you can switch to the toddler seat. With an adjustable backrest, footrest and depth-adjustable tray, it grows along with your child. The removable tray is easy to clean and has a raised edge as well as a cup recess, keeping everything in its place and preventing spillages.
