- Depth-adjustable and removable food table with tray

## SIT N RELAX 3IN1

---

### 3-IN-1 HIGHCHAIR SET

This highchair combo is very impressive! It comes with a **height-adjustable frame** on which you can fix either the **new-born attachment** or the **seat unit** for older children. And what's more: the new-born attachment with toy bar can also be fixed on the included bouncer frame.

### AT EYE LEVEL

In this snuggly newborn attachment, your little treasure will feel safe right from birth and be at eye level with you at the same time. Its backrest can be adjusted up to a comfy lying position with one hand.

### PLAYTIME

Your baby will surely love the cute pendants. By playing with them, your little one will develop the important motor skills and have fun at the same time. For playing with siblings, you can either use the bouncer frame or adjust the highchair frame to its lowest position.

### EATING LIKE THE BIG ONES

Once your offspring can sit independently, you can change to the comfy seat unit. Both the backrest and footrest can be adjusted to your child's needs. In addition, the 5-point belt and anti-slip protection help keep your child safe.

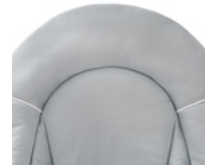

# SIT N RELAX 3IN1

HIGHCHAIR SET WITH BABY SEAT, TODDLER SEAT AND BOUNCER FRAME

## 3in1 folding highchair - from birth to toddler age

With the Sit N Relax 3in1 you have everything you need for the first few years: Baby chair, toddler highchair and bouncer. First you click the baby seat onto the height-adjustable frame. And later you can swap it for the toddler seat. You can also easily click the baby seat onto the bouncer frame supplied - for extra fun after meals. And when you don't need the highchair, you can just fold it up. In the large basket you can keep toys, wet wipes and bibs within reach.

## Safety and comfort for your newborn baby

In the cosy newborn seat with 3-point hip belt and adjustable backrest, your little one will be comfy and safely strapped in up to 9 kg. Whether at the dining table, the living room table or in the bathroom - the height-adjustable highchair frame allows you to keep your baby close to you at all times - always at the right height. In addition, the cute toy bar on the bouncer frame fosters your baby's hand-eye coordination.

## Eating and playing fun for your toddler

As soon as your child can sit independently, you can switch to the toddler seat. With an adjustable backrest, footrest and depth-adjustable tray, it grows along with your child. The removable tray is easy to clean and has a raised edge as well as a cup recess, keeping everything in its place and preventing spillages.
