1ST ROCKER

THE 3-IN-1 ROCKING ANIMAL FOR ENDLESS PLAYING FUN

PLAYING COMPANION FOR YEARS

PLAYING COMPANION FOR YEARS

The 1st Rocker features versatile functions as well as a stable construction, allowing your child to move around indoors and outdoors for many years.

TILT-PROOF FOR KIDS WHO LOVE TO MOVE AROUND

Thanks to the two stoppers on each end of the board that prevent the rocker from falling over, your toddler can bounce without any worries.

TILT-PROOF FOR KIDS WHO LOVE TO MOVE

SEATING COMFORT FOR SMALL CHILDREN

SEATING COMFORT FOR SMALL CHILDREN

The fox's high backrest provides a comfy seating position, while the two stable handles on the animal's head always offer your child a safe grip, be it while rocking or driving.

1ST ROCKER

THE 3-IN-1 ROCKING ANIMAL FOR ENDLESS PLAYING FUN

CUTE FOX MEETS ROCKING HORSE

The lovely fox can be used as a rocker, allowing extra fun for little kids who already know how to bounce but have not yet developed motor skills for pushing around with their legs.

GROW-ALONG ROCKING ANIMAL WITH MULTIPLE FUNCTIONS

THE STREET BECOMES THE RACETRACK

From about 18 months onward, your child begins to move around faster and wants to do more complicated movements. By removing the two base screws, the rocker is swiftly transformed into a ride-on.

BALANCE BOARD FOR AGILITY AND ENDURANCE

On the balance board, your child can train in fluent movements without moving from the spot. A preschool child can learn concentration, coordination, fine motor skills, and endurance in a playful way.

1ST ROCKER

THE 3-IN-1 ROCKING ANIMAL FOR ENDLESS PLAYING FUN

1st Rocker – rocker and ride-on from age 1

The versatile, grow-along toy 1st Rocker offers your child carefree rocking fun with the highest seating comfort indoors and outdoors from 1 year onward.

The lovely fox can be used as a rocking horse, allowing extra fun for little kids who already know how to bounce but have not yet developed motor skills for pushing around with their legs.

Thanks to the 1st Rocker's high backrest, your kid can always play safely and in a healthy. At the end of the swing surface, stoppers prevent the rocking vehicle from tipping over, while the stable handles provide your little one a safe grip during the wild back and forth.

When your child is a little older, you can swiftly convert the rocker into a ride-on car that allows fast driving fun in your home or outside.

The detached swing surface can then be used as practical balance board on which preschool kids can train in fluent movements, coordination, balance as well as agility and be active indoors during bad weather.
