CHIC AND COMFORTABLE: THE UPHOLSTERY

Bumpy floors, curbs, stairs... The high-quality upholstery of the Uptown pushchair ensures that your child always sits comfortably. And with a width of 36 cm, it offers a lot of space. For relaxed journeys!

SUITABLE FOR THE TOWN OR FOREST

With the Uptown, you can leave the city behind: the puncture-resistant rubber wheels with all-wheel suspension and the lockable front wheels will also take you over rough terrain safe and sound.

HIGH-QUALITY WORKMANSHIP IN A STRONG DESIGN

Do you attach great importance to quality? The Uptown convinces with its lightweight aluminium frame, the front bar made of perforated leatherette, and the height-adjustable push handle.

SITTING OR LYING DOWN

Does your child want to take a nap? Make things comfortable for them and simply bring the leg supports into the lie-flat position! The best thing about it: children's feet are really secure on the anti-slip surface.

FUN JOURNEYS IN ANY WEATHER

Bright sunshine or bad weather? The generous 3-zone canopy protects your precious one from the wind and sun (UV protection 50+). Thanks to the large viewing window, though, you can still keep an eye on your child!

IT'S A STURDY LITTLE NUMBER!

Got some extra bags to carry? Has your child already grown? That is no problem for the Uptown pushchair. The pushchair can easily take children up to 22 kg, plus an extra 3 kg of toys, picnic or shopping!
