RAPID 3R

ALL-TERRAIN STROLLER WITH RUBBER WHEELS

Driving fun on three wheels

This agile three-wheeler features high-quality fabrics and a bi-color frame and is a true eye-catcher. Thanks to the large all-terrain wheels this stroller offers a bump-free ride on all paths. This is simply perfect if you love to walk both around the country and the city. In addition, the front wheel is swivelling or lockable.

The Rapid 3R is usable up to approx. 4 years and loadable up to 48.5 lbs. For transport, the stroller folds away compactly within seconds and the release loop doubles up as carry handle.

During your trips, the extra-large canopy protects your child against sun, wind or rain. In addition to having a peek-a-boo window, it can also be opened by means of a zipper revealing a mesh part that offers a good air circulation on warmer days.

When your child is sleepy, both the backrest and footrest can be inclined into a resting position. Baby equipment, food and other things can be stored in the large shopping basket.

Thanks to the height-adjustable handle with cup holder, the Rapid 3R can be pushed in a back-friendly posture. The 5-point harness, bumper bar with anti-slip protection and the brake help keep your child safe at all times.
