

FLEXIBLE AND MOBILE WITH THE EXTRA COUPLING

/

MOUNTED QUICKLY AND WITHOUT TOOLS

/

**FOR DRYK DUO, DRYK DUO PLUS AND BIKE N
WALK DUO**

EASY SWITCH

FROM ONE BIKE TO THE OTHER

MORE FLEXIBILITY IN EVERYDAY LIFE

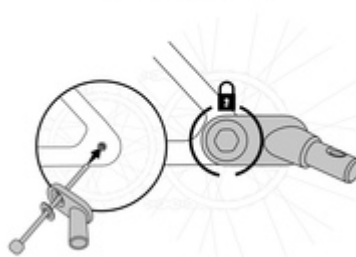

Mum drops off, dad picks up, or vice versa? With a coupling on each bike, you are flexible and changing from one bike to another is child's play.

MOUNTED ON THE BIKE IN JUST A FEW STEPS

The coupling is attached to the bike quickly, securely and without tools. Thanks to the extra coupling, any number of bikes can be equipped and the bike trailer can be coupled at any time.

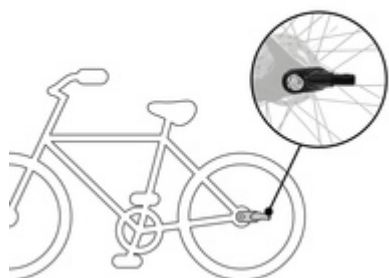

EASY INSTALLATION

ON YOUR BIKE

DISCREET HITCH

ALWAYS READY FOR USE

ALWAYS READY FOR ACTION, YET INCONSPICUOUS

The bike coupling does not need to be removed if you are out and about without a bike trailer. It is inconspicuous and yet always ready for use.

COMPATIBLE WITH HAUCK BIKE TRAILERS

Do you have a hauck bike trailer? Great! The coupling is suitable for the Dryk Duo as well as the Dryk Duo Plus and the Bike N Walk Duo.

Coupling for hauck bike trailer Dryk Duo, Dryk Duo Plus and Bike N Walk Duo

Mum drops off, dad picks up, or vice versa? With a coupling on each bike, your hauck bike trailer is quick to change from one bike to another.

The coupling is attached to the bike quickly, securely and without tools. As soon as the coupling is mounted on the bike, it can be connected to the drawbar of the bike trailer. Quick and easy to use, you are always ready to ride.

Thanks to its simple design, the coupling is inconspicuous and can also remain on the bike if you are out and about without a child trailer.
