Spare and replacement coupling for bike trailers

One bike trailer, two bicycles – easy switching

Mum drops off, Dad picks up? With an extra coupling for your bike trailer, you can easily switch between two bikes without any hassle. Perfect for the hauck Dryk Duo, Dryk Duo Plus, and Bike N Walk Duo!

Quick and tool-free installation

The coupling attaches securely, quickly, and without tools. Once installed, you can connect and disconnect the trailer in just a few steps – always ready to go!

Discreet and practical

With its sleek design, the coupling stays discreetly on your bike and doesn't need to be removed when riding without a trailer. Stay flexible at all times, whether with or without your little ones.
