COMFORT AND DURABILITY IN DEUTER QUALITY

GREAT CONTRIBUTION TO ENVIRONMENTAL PROTECTION

GREAT CONTRIBUTION TO ENVIRONMENTAL PROTECTION

Want a sustainable backpack? The main material of the Pack N Walk is made of 100% recycled polyester, which corresponds to about 35 recycled PET bottles of 0.5 litres each.

PRODUCED IN A RESOURCE-SAVING WAY

The recycling process means that significantly less water and crude oil is used in the manufacturing process, as well as 50% less CO2 and energy.

PRODUCED IN A RESOURCE-SAVING WAY

UNIVERSAL USE FOR A FLEXIBLE FAMILY LIFE

UNIVERSAL USE FOR A FLEXIBLE EVERYDAY FAMILY LIFE

Ideal for everyday life, office and leisure: Whether as a changing backpack, commuter backpack or as a sporty backpack for family time with your children - the Pack N Walk supports you at all times.

XL STORAGE SPACE AND FUNCTIONAL POCKETS

Space for 22 litres: Nappies, baby bottles and more can be easily reached thanks to the inside and outside pockets and the U-zipper. The padded inner compartment offers place for a laptop up to 15".

HAUCK BACKPACK IN HIGH DEUTER QUALITY

This backpack will be your long-term companion. It is an innovative product made of durable material with a long service life.

HIGH WEARING COMFORT: DEUTER CONTACT TECHNOLOGY

Best back system: The padding with deuter CONTACT technology and the material of the cover offer you good air circulation and a comfortable fit at all times.

Pack N Walk - Sustainable backpack in deuter quality

You want a sustainable backpack that is produced in a resource-saving way and with which you contribute to environmental protection? The main material of the Pack N Walk backpack is made from 100% recycled polyester, which corresponds to around 35 recycled PET bottles of 0.5 litres each. Thanks to the recycling process, significantly less water and crude oil as well as 50% less CO2 and energy are used in the manufacturing process - a great contribution to environmental protection.

Multifunctional 2-in-1 backpack for flexible everyday family life

Ideal for everyday life, the office and leisure time: whether as a changing bag, business backpack or as a sporty backpack for family time with your children - the Pack N Walk can be used universally at any time. It is particularly flexible thanks to XL storage space for up to 22 litres and thanks to many functional inner and outer pockets. Changing accessories, baby bottles and water bottles - there's not only room for everything here, thanks to the practical U-zipper you can also reach everything easily. Even your laptop up to 15" fits in the padded inner compartment.

Comfortable and durable - a hauck backpack in high deuter quality

The outdoor backpack will be your long-term companion, because this innovative product is made of hard-wearing, durable material. It delivers what it promises, namely high wearing comfort and the best back system. The padding with deuter CONTACT technology and the material of the cover offer you good air circulation and a comfortable fit at all times. Thanks to flexible adjustment options, you are always comfortable on the move. You can enjoy load distribution and maximum comfort thanks to the ergonomic, S-shaped straps, an adjustable and removable chest strap and adjustable straps.
