OPEN N STOP 2 SET +21 CM

PRACTICAL, MANUALLY LOCKING SAFETY GATE SET

SAFE & RELIABLE

ONE-HANDED OPENING & CLOSING FROM BOTH SIDES

EASY OPENING AND CLOSING

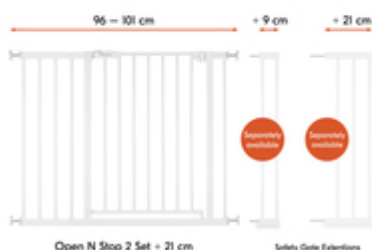

The safety gate can be easily opened with one hand on both sides and safely locks in place when closed.

PRESSURE FIT GATE FOR DOORS AND STAIRS 96–101 CM WIDE

The set, consisting of a gate and 21-cm metal extension, is suitable for stairs or doors with a width of 96–101 cm. Thanks to the adjusting screws, you can clamp it in place quickly and stably.

INDIVIDUALLY EXTENDABLE WITH A 2ND EXTENSION

EXPANDABLE WITH SEPARATE EXTENSIONS

In addition to the 21-cm extension included in the set, you can expand the safety gate up to a maximum of 122 cm using a second, separately available 9-cm or 21-cm extension.

SEPARATE Y-SPINDLES FOR STAIRS WITH ROUND STRINGERS

The safety gate can also be mounted on banisters with round stringers without drilling using the hauck Y-spindles.

SEPARATE Y ADAPTER AVAILABLE AS ACCESSORY

EASY INSTALLATION WITH ADJUSTING SCREWS

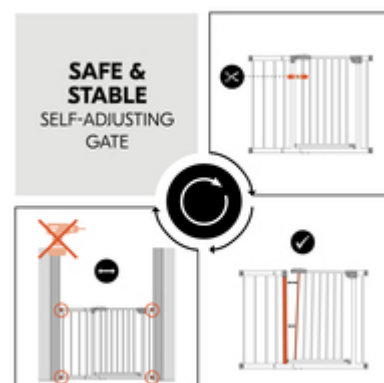

CLAMPING GATE WITH PRESSURE FASTENING

Whether at home, at the grandparents, or on holiday – thanks to the pressure fastening with adjusting screws, the child gate can be easily removed and mounted in just a few simple steps.

SELF-ADJUSTING GATE

The initial skewed position/gap in the area of the locking mechanism is eliminated by tightening the four fixing screws. This makes secure, stable fastening possible.

Manually locking door & stair safety gate set with 21cm extension

As soon as your child is mobile, safety gates on stairs and in doorways are essential to help keep your baby safe.

Whether at home, at the grandparents, or on holiday, the clamping gate is safely attached with adjusting screws by means of pressure fit and can be removed without leaving any residues. The safety gate can be opened with one hand to both sides and is easy to close.

The Open N Stop 2 set, including 21 cm extension, is not only suitable for passageways with a width of 96–101 cm but can also be extended to up to 122 cm using the separately available 9-cm or 21-cm extensions. The safety gate can also be mounted on stairs with round stringers using separate hauck Y-spindles.

The following dimensions are possible with separate extensions:

75–80 cm = gate without extension
84–89 cm = gate + 9 cm extension
93–98 cm = gate + 9 cm + 9 cm extensions
96–101 cm = gate + 21 cm extension
105–110 cm = gate + 9 cm + 21 cm extensions
117–122 cm = gate + 21 cm + 21 cm extensions

Note: This safety gate is self-adjusting. This means that the initial skewed position/gap in the area of the locking mechanism is eliminated by tightening the four fixing screws.
