HEIGHT-ADJUSTABILITY MAKES IT GENTLE ON THE BACK

Is your back strained? Thanks to the newborn module, the bed can be positioned higher up. And you can comfortably change your baby on the changing mat. Larger children can sleep on the lower level.

QUICK & EASY

ASSEMBLY & FOLDING

EASY AND SUPER-QUICK ASSEMBLY

Do you want a travel cot that is particularly quick to assemble? The Play N Relax Center's clever mechanism makes things easy for you: you can easily set it up and fold it away again.

EASY TO TRANSPORT

On roller wheels: You can slide the Play N Relax Center from one room to another or pull it behind you when folded. Save space by storing it in the accompanying carry bag.

EXTRA FOR YOU THE UTENSIL BAG

EXTRA: THE UTILITY BAG

An extra touch for you: the utility bag at the side. You'll have everything in order in no time at all, because everything your little one needs for the night can be stored here.

FOR A PLEASANT SLEEPING ENVIRONMENT

Excellent ventilation: the large mesh inserts and the holes in the foldable base allow air to circulate well. This ensures a very pleasant sleeping environment for your child.

EXTRA-LARGE HATCH
FOR LITTLE EXPLORERS

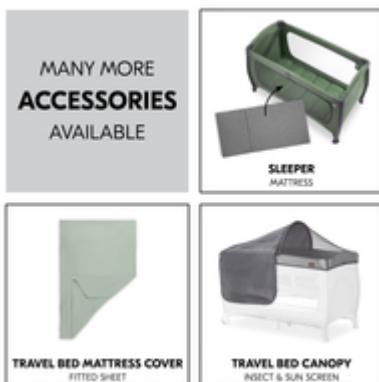

EXTRA-LARGE ACCESS HATCH
FOR LITTLE EXPLORERS

The Play N Relax Center has a large escape hatch that you can open from outside. This makes it possible for your child to crawl out of bed on their own. And back again!

WITH THE TRAVEL BED COVER FOR
THE PLAY TENT

Does your little one like to build dens? With one of the additional travel bed covers, you can transform the bed into a real play tent. The perfect addition to your Play N Relax Center.

LOTS OF OTHER ACCESSORIES

In addition to the bed, there are the Sleeper mattress, the Travel Bed Cover play tent, the Travel Bed Canopy insect & sun protection, the Travel Bed Mattress Cover and the Travel Bed Mobile.

Travel cot for newborns and toddlers

For newborns, too

Going on holiday with a baby is exciting. It's important that everyone can get their rest at night. The Play N Relax Center is a travel cot and playpen in one. This will make your child (up to 15 kg) feel safe.

Is your back already strained? With the newborn module, the bed can be positioned higher up. And you can comfortably change your baby on the changing mat. Larger children can sleep on the lower level.

Easy and quick to assemble and fold

Do you want a travel cot that is particularly quick to assemble? The Play N Relax Center's clever mechanism makes things easy for you: you can easily set it up and fold it away again.

On roller wheels: You can slide the Play N Relax Center from one room to another or pull it behind you when folded. And the accompanying transport bag provides space-saving storage.

Allows air to pass through – and your child

The very best ventilation: the large mesh inserts and the holes in the foldable base allow air to circulate well. This creates a very pleasant sleeping environment for your child.

Children want to explore everything up-close. The Play N Relax Center has a large access hatch that you can open from the outside. This makes it possible for your child to crawl out of bed on their own. And back in!
