Clean, safe, and super practical – the car seat protector for everyday family life

Whether it's a short trip or a long drive – life with kids is always full of surprises! To keep your car clean, the hauck car seat protector is your perfect companion. It reliably protects your back seat from dirt, scratches, and pressure marks – even with daily use of child car seats.

Thanks to its **universal fit (97 x 47 cm)**, it suits almost every car. The side cut-outs for **Isofix** make it ideal for baby car seats, child seats, and boosters – with no compromises on safety.

The **non-slip surface** ensures the child seat stays firmly in place – no slipping, no shifting.

And the best part? The seat protector is **water-repellent, UV-resistant, and super easy to clean** – simply wipe it with a damp cloth and you're done!

Conclusion: Stylish, sturdy, and super practical – it keeps your car in great shape, even with little passengers. A must-have for all families who want to travel relaxed and ready for anything!
