hauck Smooth Me - Universal belt pads for comfortable car journeys and walks

With a size of 3 x 6 x 13 cm, you can use the two practical belt pads for the shoulder straps of your infant car seat, reboard child seat, stroller, buggy or bike trailer to protect your baby's neck from unpleasant cuts.

With summer and winter side

Depending on the season, you can simply turn the padding over. In summer, the breathable cotton side is pleasantly cool and in winter, the soft polyester side provides a cosy feeling.

Easy to attach

You can easily attach the seat belt protectors to the seat belts using the robust hook-and-loop fastener and remove them just as quickly if necessary.
