GRAB ME

HANDWARMER

Say “goodbye” to cold hands when pushing the stroller! The cozy, warm, and soft Grab Me handwarmer is the ideal companion for the cold winter months. The outer fabric is water resistant and the inner side is made of warm fleece. Grabe Me can be used in different variations on almost every stroller.

WARM HANDS

By separating both parts, you can use Grab me as separate handwarmers. Ideal for continuous handles or a buggy with two separate ones.

TWO VARIATIONS

By connecting both parts with the zip fastener, the Grab Me can be used on a continuous handle. The handwarmers attach with press studs for better fixation.

Warm hands even on cold days

Cold hands during a walk? That's a thing of the past! With the universal handmuff, your hands will stay cosy and warm, even in freezing temperatures. Slip out easily to attend to your child, without the hassle of taking gloves on and off when you're in a hurry.

Simple, universal attachment

The hand warmer can be easily attached to your pram, pushchair, or bike trailer using the convenient press studs. With the added zip, you have the option to fasten the handmuff together or separately on the handlebar.

Water-resistant material

Whether it's snow, wind, or rain – the durable, water- and wind-resistant outer material keeps your hands dry. The soft inner lining of plush fleece ensures warm hands, making it perfect for long autumn and winter strolls.
