EASY REPAIRING OF PUSHCHAIR WHEELS

/

DURABLE AND LONG-LASTING MATERIALS

UNIVERSAL REPAIR KIT
FOR PUSHCHAIR WHEELS

**UNIVERSAL REPAIR KIT FOR
PUSHCHAIR WHEELS**

The kit contains 3 tubes: 2 with 16 inch diameter each for the rear wheels and 1 with 12 inch diameter for the front wheel and can be used for pushchairs with this wheels size.

**INCLUSIVE TOOLS FOR AN EASY
INSTALLATION**

Thanks to the included wheel fork, you can easily install the inner tubes without the need of additional tools.

DURABLE THANKS
TO GOOD QUALITY

**DURABLE AND LONG-LASTING
MATERIALS**

The inner tubes made of rubber and the valves are very robust and can be used for a long time.

EASY INFLATION THANKS TO STANDARD VALVES

The valves are compatible with the standard size of portable pumps, so that you can easily inflate them even when out and about. When inflated, they stay securely closed.

USABLE FOR WHEELS FOR THE HAUCK RUNNER SERIES

The tyre repair kit is universally usable, but perfectly suited for the three-wheelers of the hauck Runner.

Pushchair Repair Kit 3W - Inner tube repair kit for three-wheel pushchairs

Universal repair kit for 16- and 12-inch pushchair wheels

The kit contains 3 tubes: 2 with 16 inch diameter each for the rear wheels and 1 with 12 inch diameter for the front wheel. This kit is suitable for repairing prams, pushchairs, strollers and buggies with these tyre sizes. Thanks to this practical accessory, you can repair up to 3 tyres and be safe on the road once again.

Easy repairing of tyres thanks to practical standard valves

All accessories needed for the repair are included in delivery. Thanks to the wheel fork, the tubes are easily assembled. Also, the valves are compatible with the standard size of portable pumps.

Durable materials and compatibility with hauck Runner series

The rubber inner tubes and valves are very robust. They are easy to handle and stay securely closed. The tyre repair kit is universally usable, but perfectly suited for the three-wheelers of the hauck Runner.
