Tyre repair made easy – The Pushchair Repair Kit 3WS

Universal fit for three-wheel pushchairs

A flat tyre on your pushchair? No problem! With the Pushchair Repair Kit 3WS, you can quickly and easily replace the inner tubes of your three-wheel pushchair, such as the hauck Rapid 3 Air. Keep your pushchair ready to go for smooth and stress-free walks.

Everything you need in one kit

This handy repair kit includes two 12-inch inner tubes for the rear wheels, one 10-inch inner tube for the front wheel, as well as a tyre lever. Changing the tubes is effortless and requires no additional tools.

Quick and easy installation

With the included tyre lever, you can remove the old tube in just a few steps and fit the new one just as quickly. No complicated tools, no hassle – your pushchair will be ready to roll in no time.

Compatible with standard bike pumps

The valves are designed for use with standard bicycle pumps, making inflation quick and easy. Thanks to the secure valve design, the air stays in reliably.

Durable and robust

The high-quality rubber tubes and sturdy valves are built to last. They are particularly resistant to everyday wear and tear, ensuring long-term comfort and safety.
