**Pushchair Repair Kit 3WS - Inner tube repair kit for three-wheel pushchairs**

**Universal repair kit for 12- and 10-inch pushchair wheels**

The kit contains 3 tubes: 2 with 12 inch diameter each for the rear wheels and 1 with 10 inch diameter for the front wheel. This kit is suitable for repairing prams, pushchairs, strollers and buggies with these tyre sizes. Thanks to this practical accessory, you can repair up to three tyres and be safe on the road once again.

**Easy repairing of tyres thanks to practical standard valves**

All accessories needed for the repair are included in delivery. Thanks to the wheel fork, the tubes are easily assembled. Also, the valves are compatible with the standard size of portable pumps.

**Durable materials and compatibility with hauck Rapid 3 Air pushchair**

The rubber inner tubes and valves are very robust. They are easy to handle and stay securely closed. The tyre repair kit is universally usable, but perfectly suited for the three-wheeler hauck Rapid 3 Air.
