### **On the same level from day one**

Whether having a leisurely dinner or a cappuccino, the Alpha+ highchair and baby lounger attachment ensure that you and your baby are always on the same level.

Your baby's delicate head is protected by the newborn attachment with 3-point belt. The cuddly cover is extra comfy against your baby's skin, and easy to wash too!

A bigger child needs a lower highchair. The adjustable seat plate and foot plate allow the chair to be tailored to your child's size as they grow.

### **Everything included**

Everything your child needs is included. Newborn attachment, crotch belt, 5-point harness and front bar ensure safety, plus more relaxed mealtimes.

Measuring 70cm high including the front bar, the Alpha+ fits under almost every table, meaning your child can always feel included, whatever you are doing.

### **Topple-resistant**

Children are always moving! That's why we have made the Alpha+ extra resistant to toppling. Even if your child pushes away from the table, the gliders ensure that the chair slides gently backwards and remains standing.
