ALPHA TRAY

3-IN-1 TRAY FOR ALPHA+ AND BETA+ WOODEN HIGHCHAIRS

Hauck Alpha Tray - the table set for the hauck Alpha+ highchair

With this practical table set you can complete your Alpha+ highchair and make your child smile brightly. Because as of now, your little one can eat like the grown-ups.

This grow-along table consists of three parts: the seat reducer that prevents your child from sliding down, the table that can be adjusted in 3 positions to suit your growing child, and a tray that can be easily removed for cleaning.

On the Alpha Tray, your little one can discover the art of eating in a relaxed manner. No matter if the food misses its mark, the elevated edge and cup holder prevent anything from spilling onto the floor. In addition, you can individually remove the tray and table.
