Beta+ - The tilt-proof, grow-along highchair set**Safe companion for life made of sustainable beech wood**

The Beta+ is made of European beechwood deriving from FSC® certified forests, which value sustainable and ecologic forestry to protect plants and animals. Thanks to its stable construction with integrated wheels and floor gliders, the Beta+ is extra tilt-proof. By means of the adjustable seat and foot plate, the Beta+ adapts to your growing child. The stable construction allows a maximum load of 90 kg.

Safety and comfort thanks to included accessories

Both the safety strap and 5-point harness help keep your child safe and are compatible with other hauck accessories. On the spacious wooden tray, your child has a lot of room for eating and playing. Alternatively, you can switch the tray with the safety bar and push the chair directly under the family table. The soft seat and backrest pad offer your child a comfortable seating position at all times.

Usable from birth with separate hauck bouncer

Combined with the Alpha Bouncer baby attachments, which can also be used as a baby bouncer, your baby will be on a par with the family right from the start. You can also supplement the Beta+ with seat reducers, storage boxes, and the customisable game board.
