Mobile for hauck Highchair Bouncer

A safe place to play

Now you have the hauck Highchair Bouncer, you need the matching play arch. With the Highchair Bouncer Mobile, your baby can play in their familiar surroundings and discover the world around them safely from birth.

A must-have for curious explorers

The mobile with its soft toys entices play and discovery. The squeaky bear and rattling tree sharpen the senses and develop your little one's motor skills through play.

Flexible to use

The mobile is attached to both sides of the Highchair Bouncer without any tools and it's just as easy to remove again. It can be adjusted as needed thanks to the 5 different positions – simply rotate and the animals are closer or further away. It also leaves more space to place your baby in the bouncer.

Removable and washable

To take it away temporarily, simply pull off the arch and leave the fastening attached to the Highchair Bouncer. The animals are also only hung on the mobile and can be removed to be washed.

Remember: The mobile is not compatible with other baby bouncers (e.g. Highchair Bouncer Eco, Alpha Bouncer Premium, Alpha Bouncer Deluxe or Alpha Bouncer 2in1).
