BABY LOUNGER
 FOR THE DRYK DUO

BABY LOUNGER FOR THE DRYK DUO / DRYK DUO PLUS

The lounger is suitable for the buggy mode of the Dryk Duo / Plus - for babies from 1 to 10 months or with a body size of max. 75 cm, allowing you to be mobile with a baby and one more child.

PROTECTIVE BOOT COVER INCLUDED

The snugly boot cover unifies safety and comfort for your baby. It can be opened and completely removed. The weather-repellent fabric and the soft fleece protect your baby against cold and draught.

EASY SWITCH TO BIKE TRAILER
 FROM 6 MONTHS ONWARDS

EASY SWITCH TO BIKE TRAILER
 FROM 6 MONTHS ONWARDS

We recommend using the lounger for your baby at least up to 6 months or up to when your child can sit unaided. From this point on, you can remove the lounger and use the Dryk Duo in bike trailer mode.

ERGONOMIC LYING POSITION

The lounger is designed to follow your baby's development. It resembles a stable hammock that slightly swings in the event of bumps, absorbing the shocks before they reach your baby.

OPTIMAL STABILITY FOR YOUR GROWING BABY

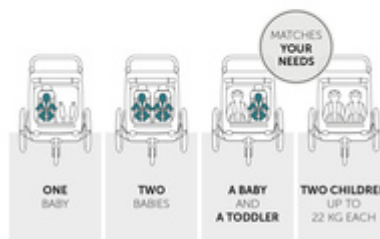

OPTIMAL STABILITY FOR YOUR GROWING BABY

The lounger follows your baby's growth during the first months. You can easily adjust the head cushion and the softly padded 5-point harness to your little one's needs and individual body size.

COMFY AND SAFE THANKS TO WELL THOUGHT-OUT DESIGN

The sophisticated design complements the Dryk Duo 2-in-1 bike trailer and buggy as a mobile companion – no matter if you are travelling with two babies, a baby and a toddler or two children.

SAFE INSTALLATION THANKS TO 4-POINT FIXATION

The end is fixated on the lower crossbar and the belt at the top of the frame. By tightening this belt, the lounger takes the form of a hammock that is secured with two additional D rings on the seat.

EASY-TO-USE SAFETY HARNESS

The height-adjustable 5-point harness helps keep your baby safe during all your walks. It is easy to reach and allows you to secure and to unbuckle your baby comfortably in no time.

MORE MOBILITY WITH THE DRYK DUO BABY LOUNGER

Baby seat for the hauck Dryk Duo / Dryk Duo Plus

Whether new or growing family, the baby lounger allows you to enjoy the maximum period of use of the Dryk Duo bike trailer and buggy, as it can be used from your baby's first month onwards.

The high-quality lounger is characterized by a sophisticated design that perfectly complements the Dryk Duo. It unifies safety and comfort for your baby and leaves enough space in the bike trailer for a sibling. The included boot cover offers protection and warmth on cold days, while the inner lining and soft fabrics are breathable, as well as temperature-balancing in all weathers.

The lounger is designed to follow your baby's development, offering a comfortable and safe lying position up to 10 months or a body size of 75 cm. The height-adjustable head cushion and 5-point harness help keep your little passenger safe during all your walks.

The Dryk Duo baby lounger resembles a stable hammock that slightly swings in the event of bumps, absorbing the shocks before they reach your baby.

The easy installation of the lounger in the bike trailer is based on a secure 4-point fixation. The end is fixated on the lower crossbar, the adjustable belt at the top of the frame and the sides on the seat by means of two D rings.
