

TRAVEL WITH YOUR BABY FROM 1 MONTH

/

SAFE, ERGONOMIC AND EASY ON THE BACK

/

**FOR DRYK DUO, DRYK DUO PLUS AND BIKE N
WALK DUO**

FOR ALL HAUCK
BIKE TRAILERS

FOR DRYK DUO, DRYK DUO PLUS
AND BIKE N WALK DUO

Only child or growing family, with the Baby Lounger 2 you can get the maximum use out of your hauck bike trailer, because your baby can comfortably explore the world with you from the age of 1 month.

TRAVEL COMFORTABLY UP TO 10
MONTHS

The softly padded baby seat resembles a hammock, allowing your baby to ride along in pushchair mode with little vibration from the age of one month. From 6 months you can switch to bike mode.

TRAVEL COMFORTABLY
UP TO 10 MONTHS

FLEXIBLE
USE

FLEXIBLE USE WITH ONE OR TWO
CHILDREN

Thanks to its clever design, the high-quality canopy is your flexible companion, just like the 2-in-1 hauck bike trailers and pushchairs themselves – for one or two children.

COSY AND WARM EVEN ON COLD DAYS

The leg cover that is included protects your baby from the cold and draughts thanks to the weather-repellent outer material and soft fleece lining. Open it with a zip or remove it completely.

SAFE AND GROW-ALONG

SAFETY FOR YOUR GROWING BABY

With the easily accessible, padded 5-point harness, your baby is securely strapped in at all times. And as your little one grows quickly, you can adjust the height of the harness and head cushion.

STABLE FASTENING THANKS TO 5-POINT ATTACHMENT

Easily attach the baby carrier using five points on the bike trailer – on the lower crossbar, at the top of the frame and on the sides.

Baby seat for hauck bike trailer

Safe travels from 1 month old

Only child or growing family, the Baby Lounger 2 gives gets the most out of your hauck bike trailer. In the baby seat, your little one can explore the world in your Dryk Duo, Dryk Duo Plus or Bike N Walk Duo from the age of 1 month.

Ergonomic, comfortable and flexible to use

In the softly padded, hammock-like baby seat, your baby travels safely and with minimum vibration in the bike trailer up to the age of about 10 months or a height of 75 cm. There is also enough space for a sibling. We recommend using the pushchair mode up to 6 months.

Growing with your baby

A leg cover is included for protection and warmth in colder weather. With height-adjustable head cushion and adjustable 5-point harness, the baby attachment adapts to your growing baby. Your child is safely strapped in during every adventure.

Stable attachment in the child trailer

The baby seat is easily installed through means of a secure 5-point attachment in the child bike trailer. It creates a tensioned hammock system that attaches to the lower crossbar, the top of the frame and the sides.
