The universal muslin cloth set for your daily life with baby

The Cuddle N Clean muslin cloth set is a practical companion for your day-to-day life and a true multi-talent.

Thanks to its XL 80x80cm size, you are flexible to use it as you wish, whether it be as burp cloth, swaddle, daily mat, nappy, sun protection, scarf, light blanket, or feeding towel.

Burp cloths are part of your baby's essentials because newborns often spit out milk and food without any warning. You will always be able to protect yours and your baby's clothes or clean up quickly.

Thanks to the high-quality muslin made of 100% cotton, the cloths can be easily washed at 60 degrees in the washing machine. They dry quickly and are ready to use again for the next adventure.

Sleeping like in mommy's tummy. The Cuddle N Clean is a practical sleeping help that gives your new-born baby a feeling of safety by using it as a swaddle blanket. Later, it will be your baby's favourite soothing blanket.

In summer, the large muslin cloths make a light blanket or sun protection on your pram or pushchair. They can be easily stowed in your changing bag without needing much space. When you want to feed your child in public, you can use it as large cover so that your baby can drink in privacy.

The Cuddle N Clean set comes in 3 lovely designs that complement the fabrics and colours of the hauck highchair pads. The set is also a great baby shower gift for soon-to-be parents.
