1ST RIDE THREE

THE COMFY RIDE-ON FOR EARLY MOBILITY

SUITABLE
UP TO 44 LBS

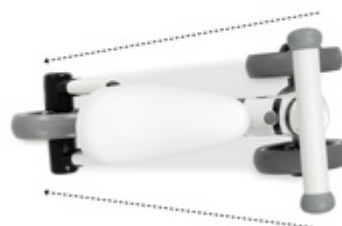

SUITABLE UP TO 44 LBS

The 1st Ride Three can be used for children from 12 months up to 44 lbs, allowing for optimal driving fun and motor skills training early on.

EASIER PUSHING THANKS TO
ERGONOMIC FORM

Thanks to the no pedal car being slimmer at the rear, your child will benefit from a carefree driving experience as their legs will not connect with the rear wheel.

THREE DESIGNS
AVAILABLE

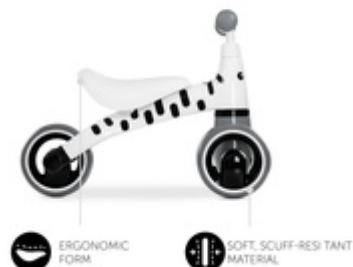

THREE DESIGNS AVAILABLE

The 1st Ride Three is available in three cute animal designs from which you can choose your favourite: giraffe, zebra, or ladybird.

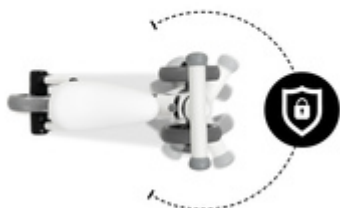

SEATING COMFORT AND NOISE REDUCTION

The ergonomic saddle allows a comfy seating position, while the comfort wheels made of soft, scuff-resistant material reduce the driving noises of the three-wheeler and offer improved stability.

SEATING COMFORT & NOISE REDUCTION

TILT-PROOF THANKS TO STEERING ANGLE LIMITATION

TILT-PROOF THANKS TO STEERING ANGLE LIMITATION

Thanks to the steering angle limitation, your child can drive safely through your home, while training motor skills and agility.

ANTI-SLIP HANDLEBAR FOR OPTIMAL GRIP

The padded handle with anti-slip surface ensures a good grip for small hands, allowing for a safe drive around any corner.

Only real animals are more beautiful – the hauck 1st Ride Three

The 1st Ride Three is the perfect first three-wheeler for small animal lovers.

On this 3-wheel ride-on vehicle, your little darling can discover nature or drive through your home from 12 months onward. The ergonomic shape supports their pushing movements and prevents little legs from connecting with the rear wheel. On the no pedal ride-on, your child can train agility, motor skills and coordination from early on, while having a lot of driving fun.

Thanks to its stable constructions, the 1st Ride Three is suitable up to 44 lbs, guaranteeing long usability and allowing future siblings to have fun with this lovely animal ride-on.

The extra-silent wheels of the push vehicle are made of weather-proof and durable EVA plastic, making them suitable for any terrain indoors or outdoors.

The ergonomic seat offers great comfort while driving, while the non-slip handles allow for better safety during fast turns.

The steering angle limitation on both sides aids the navigation for small children and prevents the ride-on from falling over.

The 1st Ride Three is your child's first 3-wheeler featuring a lovely animal design and standing for safety as well as quality.
