GROW-ALONG  
BALANCE BIKE

PLAYING FUN  
IN ALL WEATHERS

COMFORTABLE RIDE  
THANKS TO COMFORT WHEELS

LIGHT &  
EASY TO TRANSPORT

The Super Rider 12 from hauck is a light beginner's bike. The balance bike combines solid design and immediate riding pleasure for children aged 2-4 years. It trains the motor skills, the sense of balance and the endurance of the child and enables a smooth transition to the bicycle without support wheels.

Active in all weather. The Super Rider 12 is a 12" balance bike for active children.

Side-reinforced handles, EVA tires and fenders offer optimum comfort in all weather conditions.

The saddle and handlebar are height adjustable and can therefore be adapted to the size of the child.

Thanks to its low weight of only 7.1 lb, the balance bike for children can be easily carried.
