LIFE-LONG COMPANION MADE OF SUSTAINABLE BEECHWOOD

SUSTAINABLE AND FSC® CERTIFIED BEECH WOOD

The Alpha+ is made of European beechwood deriving from FSC® certified forests, which value sustainable and ecologic forestry to protect plants and animals.

SUSTAINABLE
TÜV APPROVED &
FSC® CERTIFIED

ELEGANT LOOK THANKS TO NOBLE DESIGN ELEMENTS

The safety strap in leather look and noble metal elements give the highchair an elegant finish and are easy to fit in different interiors.

AN ERGONOMIC, GROW-ALONG HIGHCHAIR FOR LIFE

Thanks to the adjustable seat and foot plate, the Alpha+ adapts to your growing child. Thanks to its maximum load of up to 90 kg, the highchair is a reliable companion for life.

ALPHA+ SELECT

Alpha + - The wooden highchair that grows along for life

Life-long companion made of sustainable wood

The European beechwood derives from FSC® certified forests, which value ecologic forestry to protect plants and animals. The safety strap in leather look and metal elements give the highchair an elegant finish. Thanks to the adjustable seat and foot plate, the Alpha+ adapts to your growing child and the stable construction allows your child to use it up to 90 kg.

Elevated stability for safe mealtimes

Thanks to its stable construction and the integrated floor gliders, the Alpha+ is tilt-proof. When your child pushes away from the table, the highchair simply moves slightly backwards. Both the safety strap and 5-point harness are included and help keep your child safe. Also, they are compatible with other hauck accessories. The safety bar is essential for smaller children, while it can be removed later, allowing your child to sit comfortably at the dining table or the desk.

Comfort from birth onwards thanks to flexible accessories

By combining the Alpha+ with one of the separate Alpha Bouncer baby seats, your baby is at eye level with you from birth. The Alpha+ can also be combined with various tray, seat inserts and seat cushions.
